**AUTHORIZATION FOR AND RELEASE OF  
MEDICAL PHOTOGRAPHS/SLIDES/ AND/OR VIDEOTAPES**

**INSTRUCTIONS**

This is a consent document that has been prepared to help inform you concerning permission to take photographs, slides, and/or videotapes and to use these images for a purpose as defined within this consent document.

It is important that you read this information carefully and completely. After reviewing, please sign the consent as proposed by your plastic surgeon.

**INTRODUCTION**

Medical photographs/slides and videotapes may be taken before, during, or after a surgical procedure or treatment. Consent is required to take such images.

Additionally, patients may consent to release these medical photography/slides, and videotapes for a stated purpose.

**1. CONSENT TO TAKE PHOTOGRAPHS/SLIDES/VIDEOTAPES**

I hereby authorize Laurence Weider, M.D., and or his/her associates or licensees to take pre-operative, intra-operative, and post-operative photographs, slides, and/or videotapes. I additionally consent to photographs, slides, and/or videotapes of my interview.

**2. CONSENT FOR RELEASE OF PHOTOGRAPHS/SLIDES/VIDEOTAPES**

I hereby authorize Laurence Weider, M.D., and or his/her associates or licensees to use pre-operative, intra-operative, and post-operative photographs, slides, and/or videotapes for professional medical purposes deemed appropriate including but not limited to showing these images on electronic digital networks (the internet), for purposes of medical education, patient education, lay publication, or during lectures to medical or lay groups.

I understand that I will not be entitled to monetary payment or any other consideration as a result of any use of these images and /or my interview.

## **COSMETIC SURGERY SMOKING, VAPING AND NICOTINE POLICY**

Initials

\_\_\_\_\_ Cigarette smoking and the **use of any nicotine containing products** have been shown to increase the risk of complications twelve-fold in plastic surgery patients. This is due to the vasoconstrictive effect (shrinking small blood vessels) of nicotine. In addition, carbon monoxide released during smoking decreases the amount of oxygen that reaches the tissues impairing their ability to heal after surgery. **This applies to nicotine patches, nicotine gums, e-cigarettes (vaping with or without nicotine), and marijuana as well as cigarettes**, because they also cause shrinking of small blood vessels. The end result is that less oxygen gets to the cells while you are healing and your risk of serious complications is much greater. These complications, which can be devastating, include death of the tissues such as the skin or breast tissue, infection, and wounds that break down or don't heal.

\_\_\_\_\_ In certain commonly performed plastic surgery procedures where there is more extensive dissection (tightening and rearranging tissue), these risks are magnified if a patient has been smoking, using any nicotine products or **vaping with or without nicotine**. These procedures include but are not limited to: breast lifts, breast reductions, tummy tucks, explants, blepharoplasty, and facelifts. Therefore, it is the policy of this office that all patients having procedures must **COMPLETELY QUIT** smoking, vaping and the use of any nicotine containing products for **6 weeks before surgery** and for **3 weeks after surgery**. Facelift patients must have **COMPLETELY QUIT** smoking **3 months** prior to surgery. Breast augmentation patients (without a lift) are encouraged, but not required to quit smoking.

\_\_\_\_\_ Depending on the procedure or procedures you have chosen, you may be required to take a nicotine test in the office prior to your surgery. If you fail the nicotine test, the surgery will be cancelled, and you will forfeit the \$1000 booking fee. Because we want you to have the best possible surgical outcomes, we will not perform certain surgeries on patients who do not adhere to these guidelines and/or who have nicotine in their blood.

\_\_\_\_\_ I have read and understand this Smoking, Vaping and Nicotine policy. **I consent to a nicotine test prior to surgery. If I test positive for nicotine, I understand that my surgery will be cancelled, no refund will be due, and a \$1000 booking fee will be charged in order to reschedule my surgery.**

**FINANCIAL POLICY**

Dear Patient:

Thank you for choosing us as your health care provider. We are dedicated to providing you with the best possible care and service, and regard your understanding of our financial policies as an essential element of your care and treatment. To assist you, we have the following financial policy. If you have any questions or concerns about these policies, please feel free to discuss them with the office manager.

Unless other arrangements have been made in advance, full payment is due at the time services are rendered. For your convenience, we accept Visa, MasterCard, and the Discover Card.

In the event that you are covered under an insurance plan of which we have made prior arrangements, you are responsible for unpaid deductibles and co-payments at the time service is rendered. However, should your insurance company deny any charges as being not covered under your plan, you will then be expected to send payment in full. You are responsible for payment of services rendered to you regardless of any insurance coverage you may have. We do not file health insurance claims for cosmetic surgical procedures including removal of breast implants (explantation), capsulectomy and breast lift (mastopexy) which are performed in our office AAAASF certified operating room.

We understand that temporary financial problems may affect the timely payment of your balance. We encourage you to communicate any such problems to our office so that we can assist you in the management of your account.

In the unlikely event your account falls more than 90 days past due, and we have not been contacted by you to make arrangements for payment of your account, we do have a policy of turning your account over to an outside source for collection.
